Luxury accommodation is complemented by exceptional leisure and entertainment activities for younger guests. The 5,000 sq. metre Kids Club, styled by Madrid designers Minimec and built over the original Hohenlohe family home, delights children with hours of fun, amusement and relaxed learning under the supervision of warm and experienced professionals. The club, open 365 days a year, has been created to thrill and educate children in a playful, dynamic environment. It offers a varied schedule of seasonal activities which include dance classes and cooking workshops, al-fresco movie nights, an aroma lab, paddle surfing and beach games, all whilst celebrating Spanish cultural traditions.

As children revel in a full day of enjoyment at the Kids Club, parents can take a step back to unwind in an idyllic Mediterranean setting. Guests can relax at the Thalasso Spa dynamic Seawater Pool, a tranquil oceanfront sanctuary that utilises the deep advantages of the Mediterranean Sea or indulge in one of the many soothing spa treatments, which include an Anti-Stress Ritual and a Tibetan Bowl Session. Daily complimentary fitness activities are also available for those seeking a more active escape.

The Marbella Club not only provides activities to suit each individual family member, but also offers unique 'MC Experiences' for the family to enjoy together. Day trips and excursions to the surrounding areas can be arranged, allowing families to explore the beauty of the Andalusian region, either on horseback, or via one of the many scenic walking routes. Families can also immerse themselves in the local culture by enjoying an authentic Tapas Tour around Marbella Old Town, followed by a traditional Flamenco Show, or even partake in a group Spanish cookery course. The Marbella Club is passionate about creating unforgettable memories by ensuring that each family's holiday is tailored and bespoke, according to their own individual and collective preferences.
