### June 2018

Marbella Club Hotel, Golf Resort & Spa is delighted to announce the launch of its summer season with the opening of its seasonal restaurants and terraces, along with the highly-anticipated annual San Juan party on 23<sup>rd</sup> June. Once again, Marbella Club proves to be the perfect destination for enjoying long summer days with friends and family and this summer is set to be nothing short of action-packed.

### San Juan party

On 23<sup>rd</sup> June, guests will be invited to gather at MC Beach and enjoy cocktails, paella, barbequed seafood, live music and dancing. Children will be kept entertained with face painting, candy floss and live performances. In keeping with the party tradition, as night falls and midnight strikes, Marbella Club will light a bonfire and guests will be encouraged to write a personal note on paper to throw on the fire before taking a dip in the ocean for good luck.

### El Patio

The hotel's exquisite cocktail and tapas bar, El Patio will re-open nightly from 13<sup>th</sup> July – 31<sup>st</sup> August, with live performances and DJs on Friday and Saturdays from 8pm. Each week starting in late July, El Patio will also play host to a themed party, inspired by the legendary parties organised by Prince Alfonso – founder of the hotel - , with fancy dress and costumes encouraged. Hubertus Hohenlohe, Prince Alfonso's son, will again organise "The Legendary Party" on 10<sup>th</sup> August alongside Spanish entrepreneur Julian Porras.

Due to popular demand, the outdoor exhibit of historic hotel photos will continue to be held at El Patio. Meanwhile, two more art exhibits will be displayed at the Art Wanson Gallery for including "Great Names in Pop Art" and works by Mercedes Lasarte, the official portraitist of the Thyssen household.

## **Summer Terrace**

With an al-fresco setting under the stars, the scent of orange blossom and jasmine wafting from the gardens, guests and locals alike will be able to enjoy the re-opening of the Summer Terrace at El Grill this summer. Offering a cool garden hideaway after the heat of the day, the Summer Terrace is one of the most exclusive and sought-after summer spots. Guests can also enjoy a pre-dinner drink set to live piano music at the Summer Bar, the alternative to the Champagne Room during the summer months.

## **MC Beach**

Boasting a prime beachfront position with fresh seafood served in abundance, including tuna from the coastal town of Barbate, sushi, and fish on the Espeto grill, the re-opening of MC Beach will offer an authentic take on traditional Andalusian gastronomy, with live music available nearly everyday of the week. MC Beach is the place to be and be seen on the “Golden Mile” and this summer is set to be no exception.
